## Our Lady of Perpetual Help Catholic School Preschool Program

### About Our Program

Our Preschool Program for three and four-year-old children helps bridge the gap between home and school while preparing them for kindergarten readiness. Through our program, your child will have an easy transition to Our Lady of Perpetual Help's modified Montessori kindergarten. We offer a relaxed, happy, nurturing, and faith based environment where children can become aware of the world around them through sensory experiences, exciting discovery, and satisfying successes in their beginning academic lives.

The classes in the Preschool Program allow students to utilize their time in active learning. Our math and language arts curriculum teaches the fundamentals through a hands-on, child-centered, and age appropriate approach. Your child will gain a love for learning with a solid foundation in math and phonics. Our religion curriculum supports the value system parents have begun since birth. In addition, students have classes in creative arts.

#### **We Believe:**

- In providing a Christ-centered Catholic education
- That all children can learn
- That every child is unique
- That parents, staff, and students are responsible for the apostolic growth of the child
- In the partnership of the church and school in the education of the child
- In providing an emotionally and physically safe environment where each child can thrive.

Our Education Ministry began in September 1937 with 60 students in the original Anderson farmhouse. An increase of enrollment led building the first brick school building and the convent in 1948.

OLPH School is approved by the SACS CASI (Southern Association of Colleges and Schools/Council on Accreditation and School Improvement) and is a Tennessee State and Diocesan certified Catholic School.

The mission of OLPH School and faith community is to provide a Catholic education that fosters a relationship with God and enables students to become confident, lifelong learners.

*Please note that we do a week-long phase in for Pre-school at the beginning of the school year.*
